CCUA and Jacobs Donate Bikes and Laptops to Clay County School

Bikes-N-Bytes Donation Event on October 24

MIDDLEBURG, Fla., October 17, 2024 – The Clay County Utility Authority (CCUA) is partnering with Jacobs to donate bikes and laptops to deserving students at a local, Clay County school. Swimming Pen Creek Elementary has selected ten (10) students to receive the surprise donation on Thursday, October 24 at 1:50 p.m. CCUA and Jacobs plan to surprise the selected students with eight (8) bikes and two (2) computers in total.

"CCUA highly values the relationships with both the Clay County School District and Jacobs Engineering. We greatly appreciate the opportunity to participate in events like the Jacobs Bike-N-Bytes program that make a difference in student lives," said CCUA's Executive Director, Jeremy Johnston.

Jacobs led the Bikes-N- Bytes program, founded in 2001 to provide resources and support to students that help them grow mentally and physically.

"The local Jacobs Bikes-N- Bytes program has very active over the past 23 years and has been used to donate bikes and computers to more than 800 students and families. We are honored to be able to partner with CCUA in donating bikes and computers to well-deserving students in a community where we serve and live!" said Mike Dykes, Vice President, from Jacobs.

Swimming Pen Creek Elementary School has a total of 500 students and has been educating students in the community for twenty (20) years. They are committed to working collaboratively with all stakeholders to provide students with an educational experience that is motivating, challenging, and rewarding.

“We are very appreciative of this donation from CCUA & Jacobs and are thankful for their support of our school”, said Cheryl Larson, Principal of Swimming Pen Creek Elementary School.

About Clay County Utility Authority (CCUA)

CCUA is a public utility that manages over 55,000 customer accounts (in the unincorporated area of Clay County and parts of Duval and Bradford Counties) and has nearly 200 employees. We also maintain over 200 pump stations, 22 water treatment facilities, and 7 wastewater treatment plants and 1,500 miles of utility pipe. CCUA is an Independent Special District, created by the Florida Legislature in 1994. Our organization is working to protect public health, conserve natural resources, and create long-term value for our ratepayers.
