ADDENDUM NO. 2
Ancillary Construction Services Continuing Contract

DATE: January 23, 2015

ENGINEER: David J. Bolam, P.E.
Clay County Utility Authority
3176 Old Jennings Road
Middleburg, Florida 32068

GENERAL:

A. This Addendum modifies, changes from or adds to the Drawings and Project Manual and shall become part of the Contract Documents.
B. The Part B work is deleted from the scope of this continuing contract.
C. The Bid Opening is changed to 2:00 p.m. Wednesday, February 4, 2015.

SPECIFICATIONS

Section 00200, Delete Article 15.01 Part B in its entirety.

Section 00200, Delete Article 19.08 in its entirety and replace with the following:
19.08 The bid shall be awarded to the responsible and competent bidder who offers to undertake the Work at the lowest costs to the Owner and such bidder shall be required to file bond for the full and faithful performance of such Work.

Section 00300, Delete the Bid Form in its entirety and replace with the attached Bid Form.
The undersigned, as Bidder, hereby declares that the only person or persons interested in the proposal as Principals is, or are named herein and that no other person that is herein mentioned has any interest in this proposal or in the contract to be entered into; that this proposal is made without connection with any other person, company, or parties making a bid or proposal; and that it is in all respects fair and in good faith, without collusion or fraud.

The Bidder further declares that he has examined the site of the work and informed himself fully in regard to all conditions pertaining to the places where the work is to be performed; that he has examined the plans and specifications for the work and contract documents relative thereto, that he has read all special provisions furnished prior to the opening of bids, and that he has satisfied himself relative to the work to be performed.

The Bidder proposes and agrees, if this proposal is accepted, to contract with the Buyer in the form of contract specified, to furnish all necessary materials, equipment, machinery, tools, apparatus, means of transportation and labor necessary to fabricate and/or assemble any goods in full and complete any special services in accordance with the shown, noted, described and reasonable intended requirements of the plans and specifications and contract documents to the full satisfaction of the contract with the Buyer with a definite understanding that no money will be allowed for extra work except as set forth in the attached General Conditions and contract documents, as follows:

BID SCHEDULE

Bids are to be on a unit price basis and are to include all labor, materials, equipment and incidentals necessary to perform the special services as indicated in the contract documents. Bidders must provide unit pricing for each item. Incomplete bid submittals will not be accepted.

This is a five (5) year continuing contract for work that consists of furnishing all labor, materials, and equipment necessary to provide the ancillary construction services to support the Owner’s pipeline installation and rehabilitation projects. Owner shall furnish the construction plans to identify the work for which purchase orders will be issued. The Bidder shall be responsible for coordinating the work with the Owner and material vendor(s). All of the work must be completed expeditiously by a competent and professional contractor, meeting all Owner, County and FDOT Standards and Regulations.
Part A.1 – Site clearing, selective demolition, and erosion control

**Sub-total Part A.2** $00300-3

**W. Construction Performance & Payment Bond** $200,000.00 % % $

**Total Part A** $
See Section 01025 Measurement and Payment for further information on unit price bid items. In the event of mathematical errors in the prices entered on the Bid Form or in the addition of a total for any base bid, unit prices will prevail. The corrected base bid will be used to determine the low Bidder. The award of this Contract will establish the Contractor and the unit prices which are to be used during the life of the Contract.

Work performed under this Agreement must be covered by a 1-year, Performance and Payment Bond. Purchase orders will be issued for all Work. The bond shall be delivered along with the signed copy of the Agreement for the amount noted above in the bid form. The bond shall be renewed annually on the anniversary of the effective date of the Agreement. If the sum of purchase orders issued during any annual period exceeds the amount established in the bid form, the Owner will pay the additional premium at the rate established in the bid form.

The Bidder shall provide unit prices for all items. The Owner will evaluate the bids and other required submittals and supplemental information noted in Article 15.01 of Section 00200. The recommendation of Award will be based on the Instruction to Bidders in Section 00200 Paragraph 19.08. See Instructions for Bidders for discussion of Award of Contract.

At the Owners option, the Contractor shall be required to provide the Owner with the details of his Purchase Order, including vendor name, address, and quantity and type of materials being ordered. The Owner may choose to order the major materials and/or equipment direct. Should the Owner choose to do this, any payment that is made direct by the Owner (plus an amount equal to the sales tax that would have been paid by the Contractor) for the materials shall be a direct deduct from the Contractors contract as if the payment were made direct to the Contractor. The whole purpose of this provision is to save the amount of sales taxes that would be otherwise assessed to the Contractor for the major material purchases.

It shall be the Contractors responsibility to submit Shop Drawings, receive and verify accuracy of such shipments and, upload such shipments as if Contractor had purchased the materials direct. Shop Drawings received from the suppliers, will be forwarded by the Clay County Utility Authority to the Contractor for their review of accuracy and correctness of the Shop Drawings and shall provide an approval action on each product. Shop Drawings shall then be submitted to the Design Engineer for their review and approval action. After the Contractor and Engineer have reviewed the Shop Drawings, they then shall be submitted to the Clay County Utility Authority for review.

The Owner shall assume all risk of loss and bear the cost of insurance on all materials purchased tax exempt. Once the Clay County Utility Authority’s Purchase Order is prepared, then it will be returned to the Contractor for proofing and mailing to the vendor.

The Bidder further proposes and agrees to commence work on a date to be specified in a written Purchase Order from the Owner and shall complete the work pursuant to a schedule identified in the said Purchase Order.

Addendum Receipt: Bidders shall acknowledge below the receipt of all addenda, if any, to plans and specifications.
Bidders shall attach the following supplemental information to their bid. **Items shall be clearly labeled and numbered and submitted in the order listed below:**

1) The required Bid Security.
2) W-9 Tax Payers Identification form
3) Public Entities Crimes Statement
4) Listing of Subcontractors
5) Erosion Control Installation Certification
6) Florida Underground Utility Contractor’s License
7) Contractor History and Capabilities - Documentation of contractor history and capabilities shall include but not limited to the following:
   - Number of years in business under the current business name
   - Location of offices
   - Profiles of contractor/subcontractor personnel assigned to perform work under this contract
   - Copies of all contractor/subcontractor personnel’s confined space entry and manufacturer installation certifications
   - Equipment listing
8) Bidder shall include copies of their company’s safety logs (summaries only) submitted to the Occupational Health and Safety Administration (OSHA) and those of any subcontractors to perform work under this contract for the 2011, 2012, and 2013 calendar years. **Proposal will be rejected if the OSHA logs (summaries only) are NOT provided with the proposal submittal.** The Owner reserves the right to reject a proposal based upon past safety performance as evidenced from contractor/subcontractor OSHA logs (summaries only), references and other means as determined by the Owner. Safety performance shall be demonstrated by the contractor to the Owner’s satisfaction.
